Peter Voser

Chief Executive Officer of Royal Dutch Shell

Keynote Address 1: Natural Gas: Innovation for a Sustainable Future & Global Growth

Peter Voser became CEO of Royal Dutch Shell in 2009. Before his appointment as CEO, Mr Voser had been Chief Financial Officer and an Executive Director of Royal Dutch Shell since 2004. From March 2002 until September 2004 he was Chief Financial Officer (CFO) and an Executive Committee Member of the Asea Brown Boveri (ABB) Group of Companies, based in Switzerland. Mr Voser joined Shell in 1982, and worked in a number of finance and business roles in Switzerland, the United Kingdom, Argentina and Chile. In 1999 he was appointed CFO of Shell Europe Oil Products. He became CFO of the Shell Global Oil Products business in early 2001 and a Member of the Oil Products Executive Committee.

Rex W. Tillerson,

Chairman and Chief Executive Officer of Exxon Mobil Corporation

Keynote Address 2: Enabling Economic & Environmental Progress: the Role of Natural Gas

As Chairman and Chief Executive Officer, Rex W. Tillerson leads Exxon Mobil Corporation's oil, natural gas and petrochemical businesses spanning six continents. He joined Exxon Company USA in 1975 as a production engineer and went on to manage operations throughout the USA, Yemen, and Russia. In 2001 Mr Tillerson was named Senior Vice President of Exxon Mobil Corporation, and he became Chairman and CEO in 2006. He currently serves as the National President of the Boy Scouts of America. Additionally, he has taken leadership roles in several organizations including the American Petroleum Institute, Center for Strategic and International Studies and Business Roundtable.

13:45–14:30

Session Chair

Jerome Ferrier

Vice President of the International Gas Union

Jerome Ferrier, a graduate in petroleum engineering, has more than 30 years experience in natural gas activities ranging from production to marketing in Africa and Europe. Since 1995 he has been successively Managing Director of Gaz du Sud Ouest, Director of Total Gas and Power for the Americas, President of Gas and Power for the Southern Cone (covers Argentine, Chile, Uruguay, Paraguay and southern Brazil), Special Adviser to the President of Total Gas and Power and since 2008 – Senior Vice-President Corporate Security.

Alexey Miller

Deputy Chairman of the Board of Directors and Chairman of the Management Committee of Gazprom

Keynote Address 3: Integrating the World Gas Market

Alexey Miller graduated from Voznesensky Leningrad Finance and Economics Institute and holds a PhD in Economics. From 1991 until 1996 Mr Miller served with the Committee for External Relations of the Saint Petersburg Mayor's Office. After this, he held leading positions at a variety of companies before being appointed Deputy Minister of Energy of the Russian Federation in 2000. Since 2001, he has served as Chairman of the Gazprom Management Committee, and since 2002 as Deputy Chairman of the Gazprom Board of Directors.

Paul van Gelder

Chairman of the Executive Board and Chief Executive Officer of Gasunie

Keynote Address 4: Gas Infrastructure Developments

Paul van Gelder took up the position of Chairman and CEO of N.V. Nederlandse Gasunie in September 2010. Prior to taking on his new role at Gasunie, he was Managing Director of TAQA Europe and TAQA Energy, responsible for TAQA's European operations. Mr van Gelder joined TAQA at a very early stage of the development of the company as he was working for BP in the Netherlands when BP Nederland Energie was acquired by TAQA at the end of 2006. Before his career with BP he worked as Director of Logistics for Driessen Aerospace Systems in the Netherlands and in the Czech Republic. This followed a career in the Royal Netherlands Air Force and Royal Netherlands Navy where he rose to Commanding Officer after having fulfilled several operational positions both in the Netherlands and abroad. Mr van Gelder is a graduate of the Royal Netherlands Naval Academy and has a Masters degree from the Technische Universiteit Eindhoven. He is a member of the Supervisory Board at the Energy Delta Institute and a member of the Advisory Board of Clingendael.

June 6, 2012

Session theme: Securing Gas Supply
